PETITION TO WITHDRAW HOLDING OF ABANDONMENT
UNDER 37 C.F.R. § 1.181 BASED ON
FAILURE TO RECEIVE NOTICE OF ALLOWANCE

Sir:

Applicant hereby submits this Petition to Withdraw Holding of Abandonment under 37 C.F.R. § 1.181 based on failure to receive Notice of Allowance, and respectfully requests that the holding of abandonment of the application be withdrawn based on the facts set forth herein.

BACKGROUND

Applicants filed this application on September 10, 2003. On April 15, 2004, a Notice of Allowance was mailed, giving Applicant until July 15, 2004 to pay the Issue Fee and Publication Fees of \$1630.00. On August 17, 2004, a Notice of Abandonment of the Application was mailed due to failure to timely pay the Issue Fee and Publication Fee.

Undersigned counsel attests to the fact that a search of the file jacket and the docket records indicates that the Notice of Allowance was never received. A copy of the docket record where the nonreceived Notice of Allowance would have been entered and docketed is attached.

Appln. No. 10/659,644
Petition dated October 25, 2004
Reply to Notice of Abandonment mailed on August 17, 2004

CONCLUSION

Based on this evidence, Applicant respectfully requests the Notice of Abandonment should be withdrawn and that the Application should be reinstated. Applicant contemporaneously submits the Issue Fee and Publication Fee of \$1630.00, and authorizes the Commissioner to deduct this amount from the undersigned's credit card (PTO-2038 attached). It is believed that no fees are due upon filing this Petition. If additional fees are determined to be due, Applicant authorizes the Commissioner to deduct those fees from the undersigned's credit card (PTO-2038 attached).

OFFICE OF PETITIONS

Respond to the Notice of Abandonment by one of the following:

1. Petition To Withdraw Holding of Abandonment (See MPEP 711.03(c) I and 37 CFR § 1.181) No fee required

Where an applicant contends that the application is not in fact abandoned (e.g., a reply was in fact filed), a petition under 37 CFR § 1.181(a) requesting withdrawal of the holding of abandonment is the appropriate course of action. Any petition under 37 CFR § 1.181 to withdraw the holding of abandonment not filed within 2 months of the mail date of a Notice of Abandonment may be dismissed as untimely under 37 CFR § 1.181(f). In order for a petition to be granted, the evidence must be sufficient according to 37 CFR § 1.8(b) Certificate of Mailing 37 CFR § 1.10 "Express Mail" mailing or MPEP 503 Postcard Receipt as Prima Facie Evidence. The petition should be addressed as follows:

By mail: Mail Stop: Issue Fee, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
 By facsimile: 703-872-9306

2. Petition To Withdraw Holding Of Abandonment Based On Failure To Receive Office Action (MPEP 711.03(c) II and 37 CFR § 1.181). No fee required

Where an applicant contends that the original Notice of Allowance and Fee(s) Due was never received, if adequately supported, the Office may grant the petition and remail the Office action. The showing required establishing non-receipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket record where the nonreceived Office would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

Petition should be addressed to the Technology Center handling the application as follows:

By mail: Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
 By facsimile: 703-872-9306

3. Petition To Revive An Abandoned Application (See MPEP 711.03(c) III)

Where there is no dispute as to whether an application is abandoned (e.g., the applicant's contentions merely involve the cause of abandonment) a petition under 37 CFR § 1.137 (a) or (b) (accompanied by the appropriate petition fee) is necessary to revive the abandoned application. The text of these rules is available on the USPTO Internet Web site. Forms for these petitions, "Petition For Revival Of An Application For Patent Abandoned Unavoidably Under 37 CFR § 1.137(a)," PTO/SB/61, and "Petition For Revival Of An Application For Patent Abandoned Unintentionally Under 37 CFR 1.137(b)," PTO/SB/64, are available in the forms section of the USPTO website: <http://www.uspto.gov>.

Petitions under 37 CFR § 1.137 should be addressed to the Office of Petitions as follows:

By mail: Mail Stop Petition, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450
 By facsimile: 703-872-9306

Note: Abandonment takes place by operation of law for failure to reply to an Office action or timely pay the issue fee, not by operation of the mailing of a Notice of Abandonment

DETAILED ACTION

OFFICE OF PETITIONS

1. In view of Preliminary Amendment filed September 10, 2003, claims 1-2, 4 have been cancelled. Claim 3 is pending.

Allowances

2. Claim 3 is allowed.
3. The following is an examiner's statement of reasons for allowance:

As of the date of this office action, the examiner has not located or identified any reference that can be used singularly or in combination with another reference including the closest prior art of Daly et al. (US 6,114,414) to render the present invention anticipated or obvious to one of ordinary skill in the art.

The invention of claim 3 relates to a process for making a powder of substantially spherical particles comprising a compound selected from the group consisting of azelaic acid, sebacic acid, undecanedioic acid, dodecanedioic acid,

brassylic acid, and the anhydrides of said acids, said process comprising spraying molten compound from a nozzle into a walled chamber to form a spray comprising droplets of said compound, said chamber being sized to allow said droplets to solidify before they contact the wall of said chamber.

The closest prior art Daly et al. (abstract; col. 6, line 1-62) disclose a process for the production of a powder coating by spraying through a spray nozzle or air-assisted nozzle (col. 7, line 14-29). However, Daly et al. are silent on a powder making process comprising a compound selected from the group consisting of azelaic acid, sebacic acid, undecanedioic acid, dodecanedioic acid, brassylic acid, and the anhydrides of said acids, and spraying the molten compound from a nozzle into a walled chamber. Therefore, it would not be apparent to one of ordinary skill in art to use the powder process teachings of Daly et al. to obtain the invention of claim 3. The invention of claim 3 is allowed.

In light of the above discussion, it is evident as to why the present claims are patentable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, and to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
